

## Lockdown in France: new proof of professional travel

On October 28, 2020, the President of the Republic decided to take measures to reduce contact and travel throughout the country to a minimum by establishing confinement from October 30 to December 1 minimum.

From this Friday October 30 and until at least December 1, the French government has put in place new travel restrictions. Subject to a certificate, travel between home and place of work and business travel that cannot be postponed remain authorized.

The Luxembourg employer must therefore issue a proof of professional travel to his French resident employee so that he can come to his workplace. This certificate "Proof of professional travel" is available online and permanent, it does not have to be completed for each trip.
