

Contribution to the Chamber of Employees

Like every year the contributions to the Chamber of Employees are falling due in March and are fixed as follows:

- €35 for all employees who earn a monthly gross salary of €300 or more in March 2022;
- €10 for all other employees;
- € 4 for apprentices.

The withholding of the annual contribution must be made **by the employer** without fail from the pay of all employees or apprentices declared to the Common Social Security Centre on **1 March 2022** and who are subject to the mandatory health insurance.

The Common Social Security Centre will send the statement of salaries, declared on 1 March 2022, with indication of the respective contribution, to all employers at the end of May for information and potential claim.

The contributions for the Chamber of Employees will be indicated on the statement of account that will be sent to the employer in July 2022. This statement of account will therefore include, in addition to the monthly dues, the contributions payable to the Chamber of Employees.
