

How do I reset my password?

1. Go to the AdminBox website at <https://adminbox.myarchive.lu>
2. Click on « **Forgot password ?** »

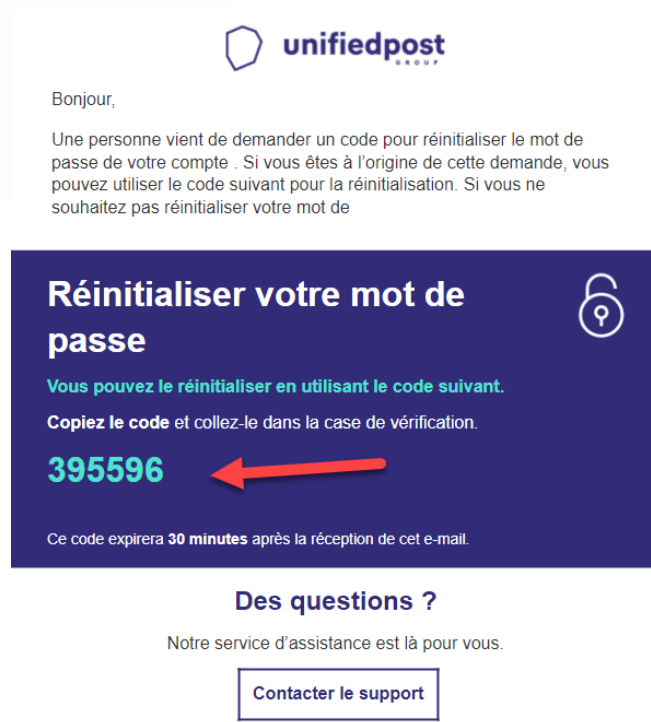

3. Enter your email address linked to your AdminBox account and click on « **Send**».

Please be careful not to accidentally put a space before or after your email address. This could prevent your password reset from working properly.

4. You will receive a 6-digit code in your mailbox.

5. Enter the 6-digit code received by email.

6. You can then choose a new password and regain access to your AdminBox account.
